**Murtha 15.2 lw cob mare 2017**

**£ 6,500**

### Description

Murtha 15.2 lightweight cob mare bay 2017 (Happy Hack/Leisure/Allrounder) Murtha was taken in part ex from a trekking centre she is brilliant to hack alone or company. She hasn't done much schooling but tries and gets better every time you school her she tries so hard for you. Starting to work on a contact and transitions all there. Really sweet and easy to be around. Will hack with anyone and not sensitive in anyway just needs bringing on in school. Does walk away from mountain block but soon as your foot is in she stands still u can leap on her she isn't bothered she just goes to walk straight past the block basically so we give her a treat and she stands lovely. Pops a fence happily £6500ono Looking for this as I'm over stocked, would be happy to school and muscle up and ask more but I struggling for space.
